

Ridgeline Paving Co.

Asphalt Paving Contractor · Sacramento, CA

COMPANY OVERVIEW

Ridgeline Paving Co. is a commercial asphalt contractor serving property managers, HOAs and general contractors across the Sacramento region. Our crews handle parking lot paving, removal and replacement, overlays, sealcoating, crack sealing and striping, and we phase work around open businesses and occupied communities so access is kept where it is needed. We provide written scopes with quantities and mix types, coordinate closely with on-site managers, and close out each job with a walkthrough. Most of our work is maintenance and repair on retail centers, apartment communities, office parks and light industrial sites.
